IAFCI, a non-profit international organization, will provide services and an environment within which information about financial fraud, fraud investigation and fraud prevention methods can be collected, exchanged and taught for the common good of the financial payment industry and our global society.

OUR HISTORY

In 1968, a group of credit card investigators and law enforcement professionals organized and formed the Association of Credit Card Investigators (ACCI), expanding in 1974 to the International Association of Credit Card Investigators (IACCI). In 1996, our membership recognized the ever- changing fraud landscape of financial fraud and the need to communicate sensitive information in a secure environment. Several important changes were made, and the organization was renamed the International Association of Financial Crimes Investigators (IAFCI).

BENEFITS OF MEMBERSHIP

IAFCI gives our membership professionals the means to effectively communicate in a secure environment to promote the exchange of information in the never-ending effort to apprehend and prosecute financial crime law breakers.

The expansion of IAFCI mirrors that of the payment systems industry usage and acceptance throughout the world. Local and regional Chapters have and are being formed across the world. Our members come together from all segments of the financial community, law enforcement and corporate establishments. Our goal is to Collectively Combat Financial and Cyber Fraud Globally!

CERTIFICATIONS MATTER

In the fast-past world of fraud, financial, and cyber crimes investigations, it takes a dedicated, educated and experienced investigator to investigate and resolve complex criminal investigations. Certification demonstrates that you are up to the task.

Obtaining a certification in the areas of financial crimes, cyber crimes and/or digital forensics, validates the investigative skills and knowledge that you have achieved and communicates that message to your co-workers, peers, and current and future employers.

The International Association of Financial Crimes Investigators Certification Programs are considered one of the most respected certifications in the field.

With certification, IAFCI members are recognized leaders in their agencies and institutions and fields of interest. Certification may also lead to opportunities in becoming expert witnesses in criminal prosecutions as well as opportunities in placement and advancement in your career path. In addition, academic institutions, law enforcement agencies and private sector companies are looking for these qualities in employees that can only be demonstrated through certification.

The IAFCI offers certifications in three distinct areas of financial crimes, cyber crimes and digital forensics.

CERTIFICATIONS:

- Validates and strengthens investigative skills and knowledge
 - Enhances professionalism
 - Demonstrates expertise
 - Illustrates dedication to the field
 - Provides opportunities for advancement
 - Provides a professional edge for potential employment
- Let's explore the certifications that the IAFCI has to offer.
