

## **SPECIAL OSINT TRAINING EVENT**

**(LIMITED SEATS! – ACTIVE MEMBERS ONLY)**

### **LIVE TWO-DAY VIRTUAL TRAINING**

**JUNE 26<sup>TH</sup> & 27<sup>TH</sup>, 9:00AM - 2:00PM CST**

#### **Open-Source Intelligence (OSINT) for Investigators**

This course teaches a variety of the most popular OSINT topics that are widely used by professionals conducting online investigative work including how to research people and entities via email addresses, phone numbers, usernames, leverage advanced search operators, conduct image searching and much more. The focus areas are foundational, and the curriculum is meant to build up core competencies as well as highlight freely available tools and online resources. The material focuses on developing both workflows and methodologies through explanation, demonstration, and skills challenges.

**Micah Hoffman**, Co-Owner of My OSINT Training and has been working in the OSINT and cyber fields for decades. Micah loves using his technical skills to discover new OSINT methods and create new tools. [Full Bio Here](#)

**Griffin Glynn**, Co-Owner, and OSINT Expert, coming from a 20+ year career in the private sector, where he leveraged open-source intelligence in criminal investigations alongside all levels of law enforcement. [Full Bio Here](#)
